Dear Parents and Guardians

End of Year Report

Hopefully through reading this letter, you have been given your child's end of year report and attainment report.

This year's reports are based on school prior to Covid 19 and from contact with yourselves during lockdown.

The DfE have removed the obligation on schools to report on attendance this year owing to the unprecedented circumstances, therefore although we would normally include this, this information has not been provided within the report.

Pupil attainment is assessed based on their age-related expectations. Below is the key for our assessment system:

Guidance on grading:

B Below: Your child is working below age-related expectations within their year group.

W Working Within: Your child is making progress and working within age-related expectations for their year group.

N Secure/National: All age-related skills have been met and are being demonstrated regularly for their year group by your child.

A Above/Mastery: All skills have been achieved and are being applied in different context across the curriculum by your child.

Grades for effort: **1**.Excellent **2**.Good **3**.Satisfactory **4**.Unsatisfactory **5**.Poor

We value your feedback on your child's progress this year. We have created an online survey to enable you to submit your comments. You will find this at the link below:

This letter will appear on the school website in the 'Letters' section, and we will also send you the link via the school text and email communication system, meaning that you will be able to access the above link directly.

Yours sincerely
